Profile

I gathered my passions in Web Development. I'm a Bucharest-based software engineer specialised in building (and occasionally designing) digital experiences. I work in a proactive way, every time ready to face challenges and working well under pressure. I am creative and my analytical thinking is helping me to find solutions for difficult situations.

MAY 2022

"Madalina recently joined our team and rapidly adapted to the project specifics and pace. Feedback from both team and local technical lead is positive as Madalina started working on the project near stabilization phase, but managed to get familiar in a short timeframe with the complexity of the project [...]" [See more on website.](#)
